

« COMPACT » BEAM FOR SCHOOL

- ❑ Beam with standard legs
- ❑ Ideal for those who need to set-up and take down the equipment at every session
- ❑ Limitation of assembly time (easy to set up and to store)
- ❑ Easy to transport thanks to transport trolleys
- ❑ The special mat fits perfectly thanks to the cut-out. It moulds to the shape of the feet to create a completely flat surface
- ❑ Same quality as GYMNOVA competition beams

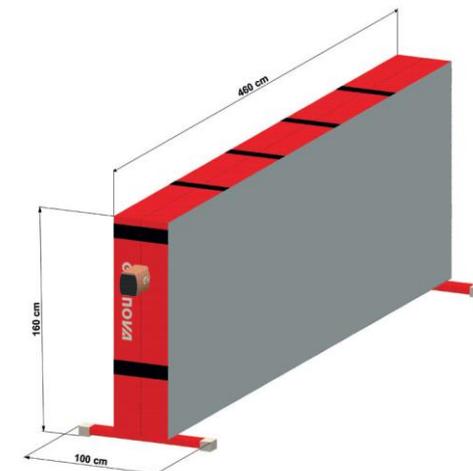

COMPOSITION

1-Beam with standard feet – PVC end caps (Ref. 3611)

- ❑ Length: 5 m
- ❑ Height of the beams can be adjusted: From 0.90 to 1.40 m

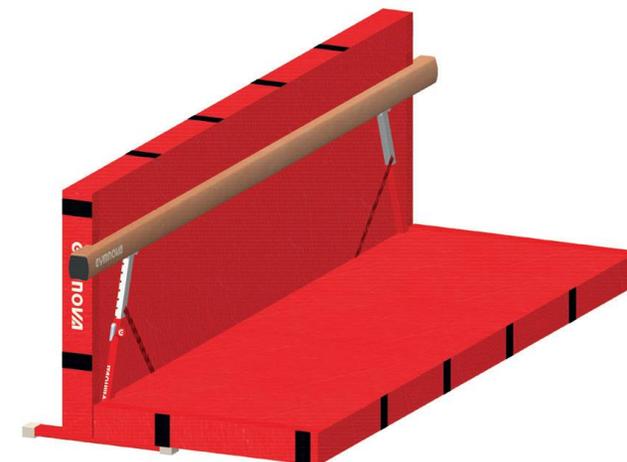

2-Custom folding mat (Ref. 7086)

- ❑ Overall dimensions: 460 x 300 x 20 cm (Lxwxth)
- ❑ Polyurethane foam
- ❑ Density: 21 kg/m³
- ❑ Phthalate-free class M2 fire rating and a leather style PVC cover
- ❑ Self-gripping strip at both ends for attaching additional mats if required

3-Transport trolleys (Ref. 3695)

- ❑ Omnidirectional castors
- ❑ Sold as a pair

« Mat + beam » may be purchased as a set or separately
